PUBLIC HEARINGS

1. **CUP2001-0028 (The Round At Beaverton Central; PUD Modification)**

*(Request for continuance to October 23, 2002)*

The applicant requests modification to an approved Planned Unit Development (CUP 97005 and amendments thereto). The Round was originally approved in 1997 as a mixed-use transit oriented development. The Round is bisected by Westside Light Rail, and is centered around the "Beaverton Central" LRT station. The applicant plans to increase the amount of some uses, in comparison with the approved PUD, and now proposes approximately 123,500 sq.ft of retail use, 342,000 sq.ft of office use and 264 residential units. The applicant's plan deletes a 2,000 seat cinema and a 109 room hotel from the PUD, and reduces the amount of parking from approximately 1025 to 810 spaces.

The Round includes recently constructed public streets; SW Crescent Avenue and SW Millikan Way (formerly Henry Street). A street constructed south of the light rail trackway, SW Esplanade, will be removed from the site. The applicant will modify the primary public open space plazas, to the north and south of the Beaverton Central LRT platforms, and will include cascading water features. Landscaping and decorative lighting, seating and pavement are proposed throughout the development's public and private areas. Existing and proposed buildings on the site will not exceed the Development Code's maximum building height standard of 120 feet. However, building heights along major pedestrian routes are limited by Section 20.20.60.A.3.C of the Code. Conformance to this standard will be addressed at the time of future Design Review applications and the proposal may be subject to required applications for adjustments or variances.

The Planning Commission will review the proposed uses, conceptual layout, traffic impacts and parking as part of the PUD modification. In taking action on the proposed development, the Commission shall base its decision on the Code approval criteria listed in Section 40.05.15.2.C and 40.05.15.3.C. The Round is generally located south of Beaverton Creek, west of SW Watson Ave., north of SW Millikan Way, and east of the Regal Cinemas-Westgate Theater site. This proposal also includes off-site improvements within the SW Beavertown Road right-of-way between SW Watson Avenue and SW Hall Boulevard. The development proposal is specifically located at Washington County Assessor's Map 1S1-09DD, Tax Lots 800 and 900, Assessor's Map 1S1-16AA, Tax Lots 6300, 6500, 6600, 6700, 7200, 7300, and 7400, and the SW Beavertown right-of-way between SW Watson Avenue and SW Hall Boulevard.

The affected parcels are zoned Regional Center–Transit Oriented (RC-TO), a total of approximately 8.60 acres.
